After doing the *No Knocks* teaser 7"/EP with Fat Wreck Chords, The Copyrights have followed up with a 14-song full *Report* of Midwestern punk. Producer Mike Kennerty has outdone himself, and he has the boys sounding like a pack of Jumping Jacks going off in your ears. This explosive display was mastered by pop-punk sage, Mass Giorgini, who went as far as to say, "The Copyrights are one of the greatest pop-punk bands of all time and this is their very best record yet!"

In 2014 you'll find The Copys on big tours with The Lawrence Arms and 7 Seconds, and you can expect a lot more fireworks from these lads in the future.
