In an age of slammin' superhero crossovers, get ready for a Hip-Hop team-up to beat them all: Slimkid3 & DJ Nu-Mark! With the Delicious Vinyl release of their album-length eponymous collaboration, the legendary Pharcyde MC and Jurassic 5 DJ/producer have created a soulful Hip-Hop soundtrack for the ages.

Ever since his time as a founding member of The Pharcyde, Slimkid3 has stood out for his relationship raps, both warm-hearted and coolly observant. As an innovative member Jurassic 5, DJ Nu-Mark has long propelled golden era sounds into the future.

"Ding ding! True school is in session!" trumpeted okayplayer.com when Tre & Nu-Mark released their freebie EP Another Day, Another Dollar in 2011. The duo knew they were onto something good, and re-upped to create new music.

The new album's standout tracks include, "King" featuring Diamond D, "I Know, Didn't I" a savvy flip of Dorando's soul classic, and presented here the reggae-fueled summer jam "Bom Bom Fiya", with "Bouillon", featuring Del and Murs.

Single releases from Slimkid3 & DJ Nu-Mark will come on 45rpm vinyl 7-inch format.

Slimkid3 & DJ Nu-Mark will be performing together through the end of 2014. See you there!
