All female rap group featuring the legendary Monie Love, Carolina Dirty, MyVerse & Dominique LaRue on J.Rawls Polar Ent. label! Production by J.Rawls and Mr.Lawnge of Black Sheep!

Individually they are: Carolina Dirty, Dominique Larue, Monie Love and MyVerse. But collaboratively they make up "Heresy", an all female Hip Hop group that is going to quickly remind you what you have been missing in Hip Hop music.

The four ladies, all well-established Emcees in their own right come through the door already adorned with various achievements and wearing their experience in the game like jewels. What started out as a Hip Hop dream in the mind of music trailblazer and heavy hitter, Monie Love is now a reality.

Carolina Dirty – No longer the "New Girl in Town" the North Carolina native has proven her reputation for soulfully coming hard on a track to be true. She consistently delivers on arrival using her musical skills and quickly adapting to any beat, making her an exciting Emcee to listen to and watch for.

Dominique Larue – Also known as simply Larue, is a lyrically loaded Emcee born and bred in Columbus, Ohio. D. Larue has been described as "A breath of fresh air that brings her artistically sharp and unique perspective to today's Hip Hop." Don't let her calm and controlled demeanor mislead you, lyrically she goes in with a vengeance and comes back out, still solid.

Monie Love – A certified member of Hip Hop history already, this spitfire Emcee originally from London, England is well respected, well connected and well received. Monie Love is a two time Grammy Award nominee and her contribution in Heresy is only a part in the ongoing and growing role she continues to play in Hip-Hop.

MyVerse – A product of a Puerto Rican and Panamanian upbringing, Natalia or MyVerse started as a poet and writer. A native of Orlando, Florida and a skilled wordsmith from the very beginning, she found that her talent for writing and performing was best showcased when fused together in the world changing art form known as Hip- Hop. Together these ladies are a voice for the voiceless, a well-mixed combination of strength and femininity. In Heresy, they share their stories – and represent for women everywhere.
