Save Yourself is the debut solo album from rapper/producer **ELUCID**. ELUCID is New York's best-kept secret. He's worked with some of indie hip-hop's most celebrated artists, like Open Mike Eagle, Tanya Morgan, billy woods, Beans from Antipop, milo, J*Davey, Busdriver, Small Professor and Rob Sonic. ELUCID has released critically-acclaimed collaborative projects as Armand Hammer with billy woods, and as Cult Favorite, with A.M.
