**NO ROOTS • THE COPS! • THROWING UP • \$ = ♥

THE RACE FOR IT • 70'S TUXEDOS • GOLDFISH BRAIN
TIME MACHINE • THE LAST ONES • A DRINK TO DEATH**

With release of the antihero epic: Drugs & Guns For Everyone, That Handsome Devil has mastered their street-level satire. Conjuring up noir hood anthems with The Cops! No Roots, and Goldfish Brain. Crooning heart-crushing tales with tongue-in-cheek plot twists in Junkies In Love, The Face for it, A Drink to Death, and \$ = ♥, or the howling science fiction odysseys of Time Machine and The Last Ones. Party Mom and Invisible Dad plays like the top rated sitcom in Dante's 9th circle, while parading the faults of a generation with a gameshow host smile on 70's Tuxedos and Throwing Up.

If you feel a little twist in your gut, or a tingle in your blood, don't worry - you should.
