The New Testament Of Funk is back to preach the new funk! It's been a while but now is the time to get the groove again. After the success of the last NTOF-samplers many believers were waiting for new stuff. There you go! Henry Storch and Chrispop took their time to compile a sampler for all you funksters, groovers and hip cats.

NTOF Vol. 6 delivers previously unreleased tracks such as "In Control" by Sons Of Time or "Where Do We Go From Here" by The Mighty Mocambos feat. Lee Fields and exclusive remixes of Andy Cooper's "Chasing The Funk" and "Get Up & Get It" by Reiner Witzel & Datfunk.

So just like the former NTOF the New Testament Of Funk Vol. 6 contains the hottest tunes you can get. Amen!
