Austin, TX based CAPITALIST KIDS have been cranking out world-class power pop for well over a decade, garnering attention and praise in print, online, and in person from punk rock luminaries like Dr Frank Portman (Mr. T Experience).

Clever hooks, unexpected time changes, spot-on harmonies, and optimistic left-leaning lyrics set this band apart from so many others who try in vain to accomplish a sound this catchy and infectious. This is the best record yet from Capitalist Kids, and we’re so happy to bring it to the masses!!!

PRAISE FOR CAPITALIST KIDS’ PREVIOUS FULL LENGTH, 2013’S “AT A LOSS”:

“... pop punk in every way... driven by melodies and lyrics of politics and pretty chicks.” - SLUG Magazine

“Everything I could hope for in a solid pop punk record... the melodies are catchy and fun. The lyrics are witty, humorous, and original, making light of the bad and highlighting the good” - For The Love Of Punk

“... pop punk love songs and sardonic socio-political snark... Capitalist Kids are pop punk perfection.”
