Two decades after it was pulled from stores by Disney-owned Hollywood Records, pop culture icons Insane Clown Posse's notorious "The Great Milenko" is back...and still casting its horrorcore spell over millions of fans worldwide.

Featuring underground hits such as "Halls of Illusions" (featuring Slash on guitar) and "Hokus Pokus" with Steve Jones of Sex Pistols' fame, "The Great Milenko" makes its vinyl appearance on the occasion of its 20th birthday. Still shocking, uncompromising, and unforgettable, "The Great Milenko" brings the magic of the Dark Carnival to your turntable!
