

CRAIG MACK

A: Flava In Ya Ear (Club Mix)

**B: Flava In Ya Ear (Remix)
(Dirty Version)**

1994's "Flava In Ya Ear" captures one of those moments in Hip Hop that can be called career defining for nearly all involved. Of course this was Craig Mack's biggest selling single, landing at number 9 on the Billboard Hot 100 and hitting Platinum status.

Issued as a 12" – the Remix Dirty version of the song is easily one of the most famous posse cuts, with notable contributions from Busta Rhymes and Notorious B.I.G. And to bring even more fire - the cut also features Rampage and LL Cool J. This was also one of the first releases from Sean Combs and the Bad Boy imprint, setting the stage for years of success to follow.

Get On Down presents this special collectible 7" edition in loving memory of one of Craig Mack's greatest achievements as an artist.
