

TRUTH

THE FIGHT FOR SURVIVAL

Features Ill Bill, Tragedy Khadafi, Royal Flush and DJ JS-1.

Production by Large Professor, PF Cuttin, Da Beatminerz, DJ Doom, JK1 The Supernova and DreadInNY

"The Fight For Survival" is the follow up to this Queens based MC's 2016 album "From Ashes to Kingdom Come", which was well received and included the # 1 college radio hit "New Type of Something" ft. Sean Price. That album also enlisted Hip Hop heavyweights OC and AG (DITC). Production included Psycho Les (Beatnuts), PF Cuttin (Blahzay Blahzay), Da Beatminerz, DJ Doom, and up-and-coming producer JK1 The Supernova who handled the majority of the production.

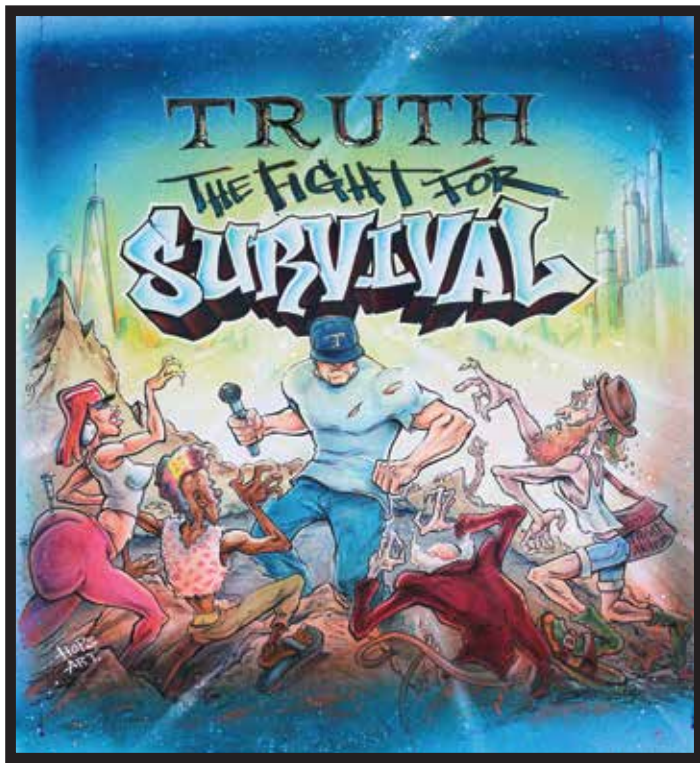

Truth has returned right where he left off with another certified banger!

"The Fight For Survival" ups the ante with features from the likes of Ill Bill, Tragedy Khadafi and Royal Flush, plus production by Large Professor, PF Cuttin, Da Beatminerz, JK1 the Supernova, DJ Doom and Raheem Isom (DreadInNY). "The Fight for Survival" once again has that 90's feel to it and definitely does not disappoint from front to back with raw, witty lyrics and that New York sounding beat knocking, boom bap! If you are a Hip Hop head this album is definitely for you!
