HOUSE GUESTS

**MY MIND SET ME FREE:
THE HOUSE GUESTS MEET COMPLETE
STRANGERS & BOOTSY, PHELPS & GARY**

A slab of Cincinnati hard funk slammers - most reissued (legally) for the first time! Post JB's / Pre-P-funk outfits headed up by brothers Catfish & Bootsy Collins along with a Cincinnati who-who's of top club players who could turn it out night after night after night in places like The Psychedelic Grave or The Round Up Club that featured a caged bear in the club!

This selection, hand picked by Bootsy, highlights that youthful output under various names as the House Guests, The Complete Strangers & Bootsy, Phelps & Gary - the monikers may have changed but that's the only thing.

All tracks remastered from the original master tapes.
