## BIO:

Cathedral Of Tears was a new wave/darkwave project formed in 1983 by Jack Grisham & Greg Kuehn from T.S.O.L. In their short existence they produced a demo in 1983 and a 12" EP in 1984. The demo was never released until 2019 by Pine Hill Records. The bands presence on LA's famous KROQ radio in 1984 in addition to their catchy and unique songwriting has left them unforgotten as they retain a cult following to this day.
