

FRED THE GODSON

GOD LEVEL

1. My God (Intro) • 2. Picture Bars
3. God Level • 4. Back Out • 5. Retaliation
6. Light Up (feat. Axel Leon)
7. Better Now (feat. Jim Jones & Marc Scibilia)
8. Nokia (feat. Benny The Butcher & 38 Spesh)
9. Smoking Gun (feat. Bobbi Storm)
10. LeBron & Serena (feat. Sweetest Voice)

Fred The Godson gave listeners a couple drums in 2019 on his collab album with Joell Ortiz, *Gorilla Glue*. The effort was well-received by fans and critics alike. Be that as it may, Gordo plans to kick off 2020 with more fire. He's linked up with 38 Spesh and his TCF Music Group to release *God Level*. The album includes features from 38 Spesh, Benny The Butcher, Jim Jones, Axel Leon, and more. However, the lead single is a solo aural assault dedicated to getback titled *Retaliation*. This litany of intricate punchlines over a hard Hesami beat is the perfect intro to *God Level*.

For those not in the know, Fred The Godson is a relatively underground emcee born and raised in South Bronx, New York City. Throughout his burgeoning career, he's released a slew of projects and collaborated with the likes of Lil Kim, Raekwon, Maino, Fatman Scoop, Pusha T, Remo The Hitmaker, Oun-P, Murder Mook, Loaded Lux, Charlie Clips, Chubby Jag, Dade County Mustafa and many more.
