ESOTERIC EGOCLAPPER

**PRESSED ON
EXCLUSIVE
TRANSPARENT
BLUE VINYL!**

Along with Wu-Tang Clan's *Inspectah Deck* and 7L, MC Esoteric is probably best known as 1/3rd of the acclaimed trio **CZARFACE**. Before creating the comic friendly hip-hop supervillain, Eso developed and unleashed another fictional anti-hero that bolstered his music, and that character was dubbed **EGOCLAPPER**. You could view *Egoclapper* as *Czarface's* predecessor.

Esoteric's legacy as a leading vanguard of Boston's underground rap scene extends far beyond **CZARFACE**, **AOTP**, and recent collaborations with **MF DOOM**, it leaps across multiple decades of records both solo and in collaboration with 7L. So now, Eso's imprint **Fly Casual Records** is proud to present this sterling reissue of his 2007 solo debut; the twitchy, punchy, eccentric *Egoclapper*. Not only has this record never previously been released on vinyl, but it is now presented on exclusive transparent blue wax.
