In celebration of the 5th anniversary, we are proud to present the 2015 Da\$H *17 More Minutes* album for first time commercially available on CD. The 12-track album showcases his gritty underground sound over production from **Thelonious Martin, H.N.I.C., Earl Sweatshirt and Tabu**. The project also features **\$ha Hef, A\$ton Matthews** and **Marz Lovejoy**, with each artist contributing on a track.

Darien Dash, better known by his stage name Da\$H, originally hails from Hackensack, New Jersey. Da\$H started rapping around the age of sixteen and began uploading his music to MySpace to share with his friends. After receiving acclaim for his efforts, Da\$H began taking things more seriously and found himself aligned with the infamous A\$AP Mob. As a result of his newfound affiliation, Da\$H made his commercial debut on the A\$AP Mob *Lords Never Worry* album in 2012. Da\$H has since gone on to collaborate with several other prominent artists including Ab-Soul, Action Bronson, Earl Sweatshirt, Vince Staples, Mac Miller and more. As a primary artist, Da\$H has released three studio albums and at least 12 official EPs. Da\$H continues to keep up his momentum after just releasing his highly anticipated *Walk the Plank* album in March, 2020.
