BIG TURKS is Rome Streets, Jamal Gasol, Lord Juco, Ro Data, Jordan Commandeur, and Jonny Botsch. The group's self-titled concept album dropped almost exactly a year ago and was praised as Album of the Year by many.

"BIG TURKS REDUX" collects remixes that were exclusive to the CD release of "BIG TURKS" and the "Director's Cut" vinyl, as well as new remixes by Mr. Green, Hobgoblin, Observe Since 98, and MichaelAngelo.

To reinforce the Turkish theme, the group invited Turk producer SMEK to remix "Leave It To The Turks," while Observe Since 98 and Halal Cool J (aka Don Leisure) both used Turkish samples for their respective remixes.
