

TRUTH & SOUL PRESENTS...

SOUL FIRE BOX SET

Various Artists

Truth & Soul is proud to present the CD version of The Soul Fire Box Set. We released a 7 inch vinyl Box Set for Black Friday Record Store Day that contained some of the rarest sides from the catalog. This two CD issue of the same Box Set includes all of those tracks, plus another 19 from the coveted Soul Fire catalog.

Soul Fire Records, started in 1999 by Phillip Lehman, produced some of the funkier recordings to ever make it to 45. Many of those 45s from the Soul Fire catalog are nearly impossible to find today, and if and when they do come up for sale, they fetch top dollar. Soul Fire closed it's doors in 2003 when Phillip stepped away from the music business to pursue other ventures. He left the studio to Jeff Silverman & Leon Michaels, who then started what today is known as Truth & Soul Records. This 2 CD set contains some of the rarest sides from the Soul Fire catalog, and liner notes from Phillip himself.
