6. K-Now Reprise (feat. **Ali Shaheed Muhammed**)
7. Narrow Escape
8. Finally Back
9. The Last Act
10. K-Now Outro (feat. **Ali Shaheed Muhammed**)

The sixth album from legendary hip-hop group **Souls of Mischief**, *There Is Only Now*, is a unique cinematic 90s crime tale of love, loss, and revenge. A conceptual collaboration with producer **Adrian Young** and the first release on his freshly launched Linear Labs Records label, *There Is Only Now* gets its inspiration from a near fatal incident involving group members A-Plus, Opio, Tajai, and Phesto early in their careers. Set in 1994, *There Is Only Now* serves as a bookend to two decades of music since the release of their seminal debut album, *'93 Til Infinity*.

There Is Only Now sees the Souls of Mischief crew members trading bars with a cast of hip-hop and soul luminaries. Narrated by **A Tribe Called Quest** member **Ali Shaheed Muhammed**—as DJ for fictional local Oakland radio station K-NOW—the album's story unfolds under his all-seeing eye. **Busta Rhymes** makes an appearance as the story's villain, Womack, on "Womack's Lament," while **William Hart** of the legendary vocal soul group, **The Delfonics**, lends his buttery falsetto to the contemplative "Another Side of You." **Snoop Dogg** drops knowledge on the situation between Stoney and Womack with an ice cold verse on the title track "There Is Only Now," and **Scarub** from **Living Legends** goes in on "Stone Cold."

Souls of Mischief and Adrian Young have created a hip-hop album like no other. The result of a special moment for all involved, *There Is Only Now* proves that after two decades in the rap game hip-hop's Fab Four remains committed to the expansion of their legacy as hip-hop innovators and pioneers.
