Still Wednesday is the 5th album in the annual release of the Chris Webby Wednesday series. The series, which began in 2017, begins with the release of a song every 2 weeks beginning in April and culminates with the album release in December. Still Wednesday boasts potentially the strongest line up Chris Webby put together. The album features the single “We Up” featuring the DMX in an officially cleared verse and the last feature the late rapper recorded. The album also features Tory Lanez, Dizzy Wright, Millyz, Young M.A, Jarren Benton, Futuristic, Locksmith, Apathy and more!
